With a current enrollment of some 8,000 students, The University of Guyana (UG) has graduated more than 20,000 students who have gone on to successful careers locally, regionally and internationally. The University is also a major contributor to the national economy and to business and industry. Established in 1963 on a part-time basis with shared space at Queens College, UG moved to its own campus at Turkeyen in 1970 and expanded in 2000 with the addition of the Tain Campus. It now offers more than 60 Under-graduate and Post-graduate Programmes including Engineering, Environmental Studies, Forestry, Urban Planning and Management, Tourism Studies, Education, Creative Arts, Economics, Law, Medicine, Optometry and Nursing. Several online programmes are available and The UG also offers extra-mural classes at four locations through its Institute of Distance and Continuing Education (IDCE). The UG also offers the opportunity for student engagement in debating, sports, and cultural, religious and professional activities.

### ABOUT PROJECT RENAISSANCE

Project Renaissance aims to rebuild UG's educational and economic enterprise and enable it to become a consequential national and international educational stakeholder. It is both a Dreaming project and a Doing project, with four main pillars or Imperatives, which are:

- **Capital Investment**, which involves human, finance, physical and brand capital;
- **Academic Enhancement**, which entails improving instructional needs and credentials, curricula, teaching and learning, and introducing new educational programmers;
- **Economic Viability**, which requires fortifying the major existing revenue streams (government subventions and tuition fees) and expanding the revenue base through alumni and corporate giving, grants, and merchandising; and
- **Alumni and Civic Engagement**, which entails embracing alumni and business and civic partners within and beyond Guyana, celebrating their achievements, and inviting them to invest in the University and the society's human capital development, as well as rebranding.
